^[2] the receiving scheme is not required to perform a service credit calculation under regulation 22(8) of the LGPS 2013 Regulations or 10(2)(a) of the 2014 Scheme Transitional Regulations because the individual's benefit / membership records will transfer from the old fund to the new fund; however where the interfund/intrafund is buying earned pension in accordance with 10(4),10(5) and 10(6) of the 2014 Scheme Transitional Regulations, the amount of earned pension is calculated by treating the transfer value received as an incoming non-Club transfer – the updated non-club transfer in factors are expected to be released early December so these calculations are still suspended.
