

LGPS England & Wales - Scheme administrator guide

Calculating survivor benefits

This guide sets out the LGPC Secretariat's understanding of the membership to be used in the calculation of survivor benefits in the LGPS (excluding survivor benefits payable under the Discretionary Compensation Regulations), once entitlement to that benefit has been established.

Background

The provision of survivor benefits in the LGPS has changed over the years meaning that administrators will need to know which regulations the member left under in order calculate any survivor benefits payable on the death of a member. In addition, where the member left active membership of the Scheme before 1 April 2014 and dies after 31 March 2014, the survivor benefits are payable under the relevant earlier Scheme regulations, as modified by the 2014 Transitional Regulations.

Sections 2 to 5 of this guide set out the survivor benefits payable under each set of regulations. Each section is colour coded for ease of use and covers survivor benefits payable to widows, widowers, civil partners, same sex spouses and children.

Each section is further divided into whether the member died before 1 April 2014 or after 31 March 2014 and in some cases after 9 January 2019.

The LGPS (Miscellaneous Amendment) Regulations 2018 [SI2018/1366] aim to address the [Walker v Innospec judgment](#) by providing that survivors of registered civil partnerships and same sex marriages be provided with benefits that replicate those provided to widows. Although, the regulations came into force on 10 January 2019 they backdate the changes to survivor benefits paid to civil partners and same sex spouses to 5 December 2005 and 13 March 2014 respectively. Further information on these changes is provided in [bulletin 180](#) and are incorporated in this guide.

References to regulations

The regulatory reference for each survivor benefit payable is provided in the footnotes of this guide. The references use a shortened term for the relevant regulations e.g. for LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 [SI2014/525] the term 'the 2014 Transitional Regulations' is used.
