

LGPS

Your future, your tomorrow, your pension

00:00

Your future, your tomorrow, your pension.

00:05

Welcome to your future. The Local Government Pension Scheme

00:09

is a valuable benefit offered by your employer to help you save for

00:13

a secure future.

00:16

And the great news? The LGPS is one of the

00:19

best pension schemes out there.

00:22

Your employer helps you build your pension.

00:26

In most cases, they pay more than you do.

00:29

So if you opt out, you're leaving that behind.

00:33

So what does it cost you? Your contributions are

00:36

based on your salary and range from 5.5%

00:41

to 12.5%, but thanks to tax relief, the

00:45

actual cost is even lower. If you don't earn enough to pay tax,

00:49

the government will pay a top-up payment directly to you instead.

00:54

And what do you get?

00:56

A guaranteed inflation-protected pension.

00:59

Unlike other schemes, your LGPS pension isn't

01:03

affected by investment ups and downs.

01:06

It's based on your pay and how long you've been in the scheme,

01:10

so you'll know exactly what you'll be due come retirement.

01:15

You can take your pension from age 57 or age

01:18

55 if you take it before April 2028.

01:22

You can also take part of your pension as a tax-free lump

01:26

sum when you retire. Your fund will guide you on your options.

01:31

But it's not just about your future.

01:34

It's about protecting your loved ones, too.

01:37

The LGPS includes life cover from day one.

01:41

If you die while paying in, a lump sum of three times your

01:46

salary is paid out, plus pensions for your partner and

01:50

children. Want more flexibility?

01:53

You can boost your pension with Additional Pension Contributions

01:57

or Additional Voluntary Contributions.

02:01

If money's tight, there's also the 50/50 option.

02:04

Pay half your contributions and still get valuable

02:07

benefits. Your pension is an important part of your

02:11

employment package, so be sure to make the most of

02:14

it. Visit the LGPS website and learn more

02:19

about how the LGPS works for you.

02:22

LGPS,

02:24

giving you peace of mind for your future today.
